2026 marks the 75th anniversary of I Love Lucy, one of the most beloved television comedies of all time. Join us for a one-day adventure filled with laughter, nostalgia, and classic TV memories.

We'll begin our day at the **Lucy-Desi Museum**, where you'll explore Lucille Ball's life and career through re-created studio sets—including Lucy and Ricky Ricardo's apartment—along with screen-used costumes, props, Emmy Awards, and unforgettable moments from the show.

Next, enjoy a themed lunch at the **Tropicana Club**, inspired by Ricky Ricardo's iconic nightclub. I Love Lucy episodes will be aired during lunch. After lunch, we'll take a **guided motorcoach tour** of Lucy's hometown, featuring her childhood homes, famous I Love Lucy murals, legendary Lucy statues, and her final resting place.

Our final attraction is the award-winning **National Comedy Center**, dedicated to preserving and celebrating the history and impact of comedy. A self-pay food stop will be made before returning to the Community Center.
